Camp Rock Song Lyrics!

Rock is on the way...blue rock!

Jazz

What's new on jazz? Check out the coolest stuff—right here! We have info about Greg Reitan and Laura Fygi this month. You can also find stuff about them on our website at music88.weebly.com! There are tons of cool stuff there with games, videos, and bunches of fun!

Did you know that Laura Fygi just recently turned 53? Wow...but she still has an awesome voice! You can find out more about this Dutch who sings English jazz at <http://www.laurafygi.com/> or also her MySpace at <http://www.myspace.com/laurafygi> !!! She is also on Wikipedia. Don't believe it? Try it out!

That's Laura!

Here are some of her songs that Music 88 loves:

- ❖ Watch What Happens (here's the link to this song: <http://www.youtube.com/watch?v=8apkh804vIo>)
- ❖ Rachel
- ❖ The Summer Knows

Enough with Laura—we got Greg Reitan coming through! He is popular for his classical/jazz pieces. Psst! You can find his MySpace link on our website (music88.weebly.com)! Some of Greg's songs that we recommend are *One Step Ahead*, *The Wayfarer*, *Northern Windows*, and *Autumn*. Enjoy his songs!

JONAS BROTHERS

Classical

What's new on classical music? You can enjoy different classic songs—sang and played. This month, Mozart is making the flow go with great concerts all over Vienna, Austria. A trip to Austria would be a great family trip—especially for those fans of *The Sound of Music*. If you like modern classical music, you can check out Taylor Swift's *Tears on My Guitar*.

Classic stuff! Did you know that there is a chocolate called "Mozart"? These come in cute violin shapes!

Modern classical stuff—Taylor Swift! She is more of a country singer, but her song *Tears on My Guitar* has a soft, calm, romantic touch. YouTube it now!

What's TODAY in classical is Yo-Yo Ma. His name may sound strange, but he is one of the most famous violinists around. Want to hear his famous cello? Go to http://www.youtube.com/watch?v=dZn_VBqkPNY to hear his wonderful music!

Mozart is still ringing—even though he's not here today, his music still is! Check out <http://www.mozart.com/> to find out more about him! Here comes Wolfgang Amadeus Mozart! We are soon going to have a page all about classical music on our website!

Camp Rock Lyrics

This month our song with lyrics will be Camp Rock's *Play My Music*. You can visit our website, <http://music88.weebly.com> and sing along with our music video. Or, just click on this link: http://www.youtube.com/watch?v=n8_KU7VPMkU !

Here are the awesome rockin' lyrics:

Play My Music

Music

Turn on that radio

As loud as it can go

Wanna dance until my feet can't feel the ground (can't feel the ground)

Say goodbye to all my fears

One good song they disappear

And nothing in the world can bring me down (bring me down)

Hand clapping

Hip shaking

Heartbreaking

There's no faking

What you feel when your riding home

Yeah, yeah

Music's in my soul

I can hear it everyday, everynight

It's the one thing on my mind

Music's got control
And I'm never letting go, no no
I just want to play my music
Whoa (music)

Got my six string on my back
Don't need anything but that
Everything I want is here with me (here with me)
So forget that fancy car
I don't need to go that far
What's driving me is following my dreams, yeah

Hand clapping
Earth shaking
Heartbreaking
There's no faking
What you feel when your on a roll
Yeah, yeah

Music's in my soul
I can hear it everyday, everynight
It's the one thing on my mind
Music's got control
And I'm never letting go, no no
I just wanna play my music
I just wanna play my music

Can't imagine what it'd be like (what it be like)
Without the sound of all my hero's singing all my favorite
songs
So I can sing along

Music's in my soul
I can hear it everyday, everynight
It's the one thing on my mind

Music's got control
And I'm never letting go, no no
I just wanna play my music

Music's in my soul
I can hear it everyday, everynight
It's the one thing on my mind
Music's got control
And I'm never letting go, no no
I just wanna play my music
All night long

Yeah
